

The Summary Report on ACT2009

The International Conference on Advances in Computing, Control, and Telecommunication Technologies, **ACT 2009**, has aimed at bringing together the researchers, scientists, engineers, and scholar students in all areas of Computer Science, Control Engineering, Electrical and Electronics and Telecommunication Technology, and provides an international forum for the dissemination of original research results, new ideas and practical development experiences which concentrate on both theory and practices. The conference has focused on the frontier topics in the Computer Science, Electrical, Electronics and Telecommunication and Engineering subjects.

The ACT 2009 was organized by the Association of Computer Electronics and Electrical Engineers (ACEEE). The ACT 2009 has been successfully held in Trivandrum, Kerala at the International Convention Centre of Mascot Hotel during December 28-29, 2009.

The Inauguration ceremony of the ACT Conference began with the silent prayer at 9.30 am. The Conference was inaugurated by the chief guest, Dr. Baba, the director of Centre for Earth Sciences, Kerala, India on the 28th at 9.30 am, by the lighting of the lamp. This was followed by the unveiling of the CD media of the proceedings of the ACT 2009 by Dr. Baba. The CD media is published by the **Conference Publishing Services of IEEE**. All the presented papers will be archived in the IEEE Xplore and IEEE CS Digital Library.

Just after the inauguration ceremony a message of ACEEE is delivered by Prof. Dr. Janahanlal on “The Hopenagen the gravity of Climatic Change”

Dr. Narayan C. Debnath (Winona State University, USA) has addressed the gathering and gave the Key note on software engineering models and metrics, highlighting the various areas of research. This was followed by the address of Dr. Kota Solomon Raju (Scientist, Central Electronics Engineering Research Institute (CEERI), Pilani, India) and Dr. Suresh Sankaranarayanan of the University of West Indies, Kingston, Jamaica).

The sessions for the presentation of full, short and posture papers have been organized in four air-conditioned halls namely Symphony, Harmony, Melody and Sonata

Each day three papers have been selected for the best paper category and they were honored at the Closing Ceremony. The Chief Guest at the Closing Ceremony function was Dr. Raju K George, the Prof. and Head of Indian Institute of Space Technology, Trivandrum, Kerala, who had give a lecture on the “The Newtonian Principles in the Design of Rocket Boosters”.

Prof. Thankachan, Chief General manager of Network Engineers, gave the vote of thanks to all the delegates, dignitaries, the office bearers of IEEE and ACEEE and the Conference

The Conference ACT 2009 came to conclusion with the singing of National Anthem.
